

About My Ingredients...

Welcome to my state licensed Home Bakery. With nearly 30 years experience, I have found which are the best ingredients to use. All of my ingredients are premium right down to the salt that I use. I am very picky about every little thing that goes into each recipe. I believe that premium ingredients yield outstanding results. A few of the items I make automatically contain organic ingredients such as carrots in the carrot cake and in general any items containing strawberries, blueberries, or potatoes. Most any item I make can be made fully organic.

Premium ingredients make for the tastiest results!

To busy to bake for your next event?
